

# VOLUNTEER INTEREST FORM 2014-2015

- Did you know that students in schools with significant parental involvement boast higher than average test scores, have better social skills, less discipline issues, and are more likely to graduate and move on to college?
- Our goal at Mother Seton School is to offer a variety of occasions for every parent to be involved for the upcoming school year.
- Please check off those events you are interesting in volunteering for – we'll send more information nearer the time of the individual event.
