

## Hurricane Harvey Service Project

*As a community committed to serving others...*

*Mother Seton School students are invited to donate items to assist students impacted by the recent hurricanes.*

Our donations will be shared with the community of **Resurrection Catholic School** in Houston, TX. Resurrection School has expanded their program to welcome and serve students at **St. Francis of Assisi School** whose school was significantly damaged in Hurricane Harvey.

We have been in touch with the principal and hope to partner with this school to do several service projects this year and **will begin with a collection the week of September 25-29** as we anticipate our first school mass celebrating the feast of St. Vincent de Paul with Archbishop Lori.

### Donations may include:

- School supplies for students (paper, pencil, folders, crayons, markers)
- Gift cards to Target or Walmart for families to purchase basic supplies/clothing
- Teacher supply items such as incentive stickers, name tags, classroom decorations
- Monetary donations to help offset expenses related to tuition/fees for families who have lost everything through the *National Catholic Education Association Student-to-Student Campaign*

*Join us in our **HELPING HANDS** campaign to show support for our neighbors in Texas.*
